Shoviv NSF to PST Converter Tool was reviewed by Jose Guzman, last updated on April 3rd, 2013.Tools In the middle of February, The Satanic Temple is helping believers prepare for Easter, the Christian holiday that celebrates Jesus' resurrection. But not the one some readers may be expecting. The organization, which describes itself as "humanists, atheists and secularists who believe in the values of scientific inquiry, individual liberty and in the common brotherhood of all people," is getting into the Easter business to counter centuries of Christian emphasis on the suffering of Jesus and the Resurrection. One of the memes the group is sending to its followers, who will be consuming chocolate, dyed eggs and flowers in Easter celebrations over the next three weeks, is the idea that believers should eat the eggs without chocolate first. The brainchild of a high school senior who describes himself as a gay atheist, the meme is causing a bit of ruckus. In a Twitter post and Facebook note, the teen explains that it's simply a question of dosage. "Breathe in, eat the egg, breathe out. Thats the whole process." When he posted the memes on Facebook, at first his friends thought he was just a creative kid, he said. "Everybody was liking it," he said. "They were like 'whatever, this is cool, be yourself!'" Then one of the friend's mom became concerned. "She said, 'I'm not sure if I want my kids reading a message about eating a dead pig,'" he recalled. "But I'm not forcing anyone to eat the eggs," he wrote on Facebook. "If that's what they really want to do, then they can." He added a note about the meme's origins: "I created this because I was tired of all the good things of Easter being utilized to push Christianity while being downplayed." The Satanic Temple is holding a "Devil's Night Parade" on Friday in Arlington, Va. Members wearing horns and costumes will be carrying a coffin "that will be open at a symbolic 8:30 p.m." The group also has announced plans to gather on Easter to deliver an Easter egg-filled "anti-Sacrament of the Christian Church." On the Temple's website, there is a "Do Not Eat the Eggs" button that users can "press for three weeks in a row" to abstain
